Lincoln, NE 68501-2554

Attn: Tony A. Schmite

Furnas County is working on constructing a new communications tower. The 300ft tower will replace a 180ft tower already at this location. The larger tower will allow Furnas County to add needed equipment to enhance communications in our area. The plan is in compliance with the State of Nebraska Communications plan.

The tower site is located within the city limits of Beaver City, Nebraska in the northeast corner of the town. Coordinates for the site are, Lat(NAD83) 40-8-21.0 N Long(NAD83) 99-49-34.4 W.

Furnas County needs permission from your organization to proceed with this project. We would appreciate it if you could expedite your response so that we could proceed with our plan. Please feel free to contact me if you have any questions or need additional information.

Thank you for your time and consideration.

Roger Powell
Furnas County Emergency Manager
